SLSA's endorsed points system for maintaining status as a SLSA Surf coach is achieved by accumulating points. These points must be attained within the period of license and prior to December 31 in the year the license expires to maintain status as a licensed Surf Coach. The following table outlines the points to achieve and period of license for each level;

Level	Period of License	Points for Re-licensing
1	4 years	75
2	4 years	85
3	4 years	100

The schedule on the points tally page describes the credit points you receive for participating and achieving success in particular updating activities. Proof of activities is required for legal reasons; this can be in the form of full completion of this form and a copy of a completed logbook. Copies of any relevant documentation (eg articles, training logs etc) should be submitted with this form. The National Surf Coach Advisor retains the right to request additional information before granting a license.

Personal Assessments

All coaches must undergo at least one personal assessment every assessment period and must present evidence on the form provided when reaccrediting. Level 1 coaches may present 2 assessments over the four years for a maximum of 50 points. Level 2 and 3 can earn a maximum of 25 points per accreditation period. The following points are intended to serve as a guide to help when preparing for or when assessing the "Personal Assessment". An assessor must be an accredited coach of the same level or higher with a minimum 2 years experience.

An annual training plan should include such information as follows:

Levels	Information
1,2,3	An indication of the number and types of sessions to be done throughout the year/season. Also their timing (when?) This could be similar to the example in the manual.
2,3	Should indicate when the different phases occur.
3	Should give an indication of the approximate proportions of aerobic, anaerobic and speed (phosphate) training throughout the season.

- Coaches should at least monitor attendance, injuries and conditions.
- Information on good practice for a training session is well covered in the Level 1 Lecture notes and handbook.

Reference Articles

15 points can be acquired by completing the research coaching articles on the Internet. Questions and the articles can be found on the SLSA website, www.slsa.com.au.

Select on the home page, Members (top left corner), then Admin and Resources. Under the Admin and Resources library select Surf Sports, Coaches, Surf Coach Re-license questions (Articles for questions 14 and 15 can also be found here).

Copy and paste the website links to download copies of the articles to answer the questions in the table below. Please record your answers and date of completing the questions on page 1. If you are unable to access the Internet at all please contact your State Centre or SLSA.

Annual Training Plan

Level 1 – need only show the number of sessions per week through out the year for type of activity similar to the one in the Board chapter of the coaching Manual. Months can be used instead of Periods.
Levels 2 – needs to indicate how all the components of fitness, psychology, tactics etc. are trained throughout the annual training periods. Both microcycles and macrocycles need to be shown.
Level 3 – needs to cover all of level 2 requirements as well as show how the volume and/or intensity of training changes.
